

Collection of characters from the Anderson / Jovovich Resident Evil series

Characters

Resident Evil

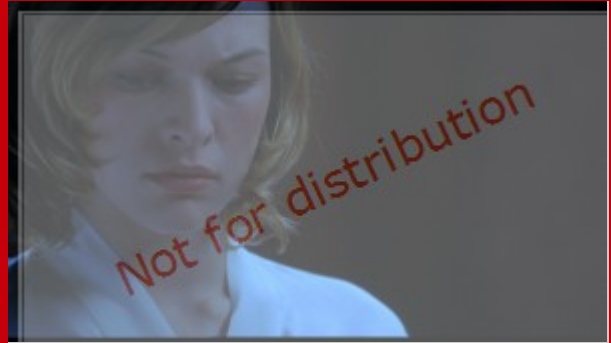

Alice

Alice is head of security of a secret Umbrella corporation viral research facility: the Hive. It is located underground near Raccoon city. Alice lives in Arklay Mansion, together with Spence Parks, also an Umbrella security officer. The mansion is a facade for the entrance to the Hive. Alice wants to expose the illegal activities of Umbrella and has joined with Lisa Addison to steal the T-virus from the Hive

Characters**Resident Evil**

Lisa Addison

Lisa Addison and her brother Matt are members of a resistance group trying to fight Umbrella's monopoly and illegal activities. Lisa works in the office section of the Raccoon city Hive in the hope of obtaining sufficient evidence of Umbrella's activities. She cooperates with Alice, head of the Hive security, in an attempt to steal a sample of the T-virus. Lisa, like all other employees in the Hive, is killed by the Red Queen during the T-virus outbreak.

Characters**Resident Evil**

Matt Addison

Matt Addison and his sister Lisa are members of a resistance group trying to fight Umbrella's monopoly and illegal activities. Matt, an environmental expert, attempts to enter Arklay Mansion and the Hive. Together with Alice he is captured by the Umbrella commando team that investigates the hive incident. During their stay in the hive Matt is infected by a B.O.W. After return in Arklay Mansion both he and Alice are captured and taken to Raccoon city hospital. There Matt is used as the 1st Nemesis prototype

Hive controlling computer: Red queen

An artificial intelligence program controlling the Raccoon city Hive. Aside from camera's, sensors, terminals and displays she has a hologram interface in the form of a child, projected with a red laser. After the T-virus contamination caused by Spence Parks the Red Queen seals the hive, kills the people in it and also activates a defense mechanism in Arklay Mansion by releasing Halon gas. This gas causes unconsciousness and later amnesia in Alice.

Characters**Resident Evil**

Alice

Upon return in Arklay Mansion Alice is captured by an Umbrella Corporation team and brought to Raccoon city hospital. In the hospital she is deliberately infected with the T-virus by Dr. Sam Isaacs in a project lead by Major Cain. In the case of Alice, similar to Angela Ashford, the T-virus provides her with healing powers. In addition she gains other powers such as speed and sharpened senses. After Major Cain reactivates her she roams Raccoon city in a quest to help survivors and bring Umbrella Corporation to justice

My name is Alice, and I remember everything

Ad van Gerven : 2014

Characters**Resident Evil**

Angela Ashford

Daughter of Dr. Charles Ashford. She suffers from a genetic muscle disease. Her father invented the T-virus as a cure for this disease. During the Raccoon city outbreak she is picked up from her school by an Umbrella evacuation team. Unfortunately the team's car is hit by a truck and Angela is the only one to survive, still in the contaminated city.

Characters**Resident Evil**

Nemesis 1.0.0

Nemesis 1.0.0 is the first successful prototype of a new type of Umbrella B.O.W. It is realized by using Matt Addison, after his infection by a B.O.W in the hive incident. Nemesis is activated by Matjor Cain in the Raccoon city outbreak. At Cain's command he kills 12 S.T.A.R.S. in Westwood theater, and also Peyton Wells. Later he and Alice are forced to fight by Major Cain. Alice wins and recognizes him as Matt Addison. When Cain instructs his soldiers to kill Alice, Nemesis turns against the Umbrella soldiers and helps Alice and her friends escape

Characters**Resident Evil**

Yuri Loginova

Yuri Lognova, Nicholai Ginoaeaf and Carlos Olivera are U.B.C.F. (Umbrella Biohazard Countermeasure Force) members. Like many other Umbrella officers they are locked in when the infection of Raccoon city has reached the gate around the city. Yuri gets bitten by zombies in the streets of Raccoon city. He is killed by Carlos in Raccoon city hospital when the infection overcomes him.
